From bloom to bottle, our commitment to meticulous practices in our vineyard and cellar ensure that we produce quality wine. It starts in the vineyard, where we harvest the power of the sun and nurture the soil to grow quality winegrapes. It continues through harvest and from crush pad to bottling. Then, we serve our wine in our solar-powered, environmentally conscious Tasting Room is LEED Gold certified—the first of its kind in Loudoun County and second in Virginia.

When you join the Trellis Club, you join our quest for excellence and commitment to sustained quality. It is the support of our Trellis Club members that powers the North Gate community and keeps our vineyard thriving.
